

**There's a provincial election in June! Did you know that the provincial government creates the rules for social assistance, tenant housing, and employment?**

**For example:**

## Social Assistance

- **How much money you receive.** Social assistance rates last increased in 2018. In January 2022, Canadian inflation surpassed 5%. Canada's 2022 Food Price Report forecasts an overall food price increase of 5%-7% for the coming year.
- **How OW and ODSP are delivered.** The government is updating the way that social assistance is delivered. The elected government will get to decide the details!

## Housing

- **Rent Control.** There is no rent control when a tenant moves into a new unit. Rents have increased dramatically in Toronto over the past few years.
- **Landlord and Tenant Board hearings.** The LTB has shifted to virtual or telephone hearings and filing applications online, making it harder for some tenants to access the Tribunal.

## Employment

- **Number of sick days.** Currently, employers do not have to pay you for any days you take off for being sick.
- **Minimum wage.** The general minimum wage in Ontario is \$15 per hour. In many parts of Ontario, the living wage is higher than the minimum wage.

**Questions to  
Ask Your MPP  
Candidates!**

1. How much will you raise the OW and ODSP rates?
2. How are you going to make social assistance more accessible?
3. How will you make sure that rent is affordable for me?
4. How will you increase access to justice at the Ontario Tribunals?
5. Do you think people should get employer-paid sick days?
6. What do you think minimum wage should be?
